The ideal installation for your pool  
Enjoy endless fun and vitalizing exercise with:

**BADU JET** - Training for competition or leisurely swimming

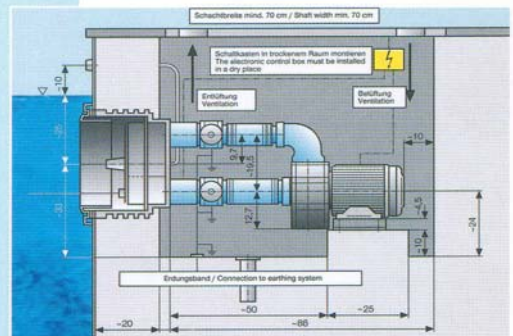

**BADU JET** - Takes the beach right into your pool

**BADU JET** - Provides either mild or vigorous pulse massage

**BADU JET** - Gives you a healthy, refreshing air bubble bath

## BADU JET ACTION - SPOT

The most powerful of the **BADU JET** overhang unit with two flow and direction control nozzles. A unit for the peak-performance sportsmen.  
Flow rate: approx. 400 g.p.m.

## BADU JET SUPER-SPORT

Water is pumped into the pool through two adjustable nozzles which may be adjusted to release a concentrated jet of water or a broad stream of >surf<. The volume regulator permits sensitive water pressure adjustment to suit any swimmer: powerful and not so-powerful swimmers, learners and children.

The suction of **BADU JET**'s intake is almost undetectable, although the nozzles deliver 400 g.p.m. of water.

By means of an underwater pneumatic switch the Counter Swimming Unit is switch on or off.

There is a complete separation between the electrical parts of the unit and the pool water, thus eliminating any danger of accidental electrocution.

**The BADU JET can be installed in pools of any size, adding greatly to the value of small pools.**

**BADU JET** is reliable, healthy, lots of fun-and absolutely safe

**BADU JET Super-Sport**
